***“Building relationships with people of other faiths is one way we can help enrich our communities”***

*Rev Trevor Wyatt, Vicar of Christ Church Bexleyheath and Chair of Bexley Interfaith Forum*

Dear All,

The Bexley Interfaith Forum enable people of different faith traditions across the Borough to meet, to build friendships, and develop a greater understanding of each-others faith traditions.

It was amazing to see so many faith traditions represented at the most recent Bexley Interfaith Forum hosted by Rev Paul Prentice at St Paulinus Church (Church of England) which is more than 1,000 years old and one of the oldest and most historic places of worship in Bexley Borough.

The attendance at St Paulinus from across the faith traditions was the best yet with representation from Muslims, Sikhs, Hindus, Jews, and various Christian denominations including the Roman Catholic church.

It was also good to see the Police represented who intend to join us for future such gatherings.

The next Bexley Interfaith Forum will be held on Thursday 21st June 7.30pm at The Roman Catholic Church - Our Lady of the Angels in Erith.
